Vraag 2: Why did you choose this logo

it is clear but it does have music notes	its playfull but with clean lines
It's cheerful and playful.	Liked the style the most
It gives the logo a bit more texture and clarity	Cleanest
because its minimalistic, the other are to chaotic	Contrast wise, its the best out of all of them. I do feel it's more of a poster graphic, not a logo
Not cluttered but still has interesting elements	Option 7: Playful and gives a music feeling.
Het mooiste	It's simple and cute
option 4: I like the gramophone, option 6: the combination of soundbars and a headphone, option 7: it is finished but also a bit Ai-ish	because it looks cool to me
others are too simple	except for the fading on the right in option 4 I think those pop out the most and keeps the attention on the name.
I like that it's simple. I prefer play/pause icons/visual elements than the headset/microphone one	it looks more modern and cool

Vraag 3: Which feelings do you get?

Vraag 4: Which keywords do you think fit with this logo?

creative	playfull
Music, audio, recording, cheerful	Goofy, creative, experimentation
Funky	Playfull, groovy, playing sound
funky, hippie	Graphic, wavy, monochrome, busy
Music, groovy	The design combines elements of a fingerprint, sound waves, musical notes and piano keys. It gives a personal and unique feeling for music.
Organisch, speels	What do you mean
Well I choose several logo's so it is hard to answer and the keywords I already gave in the previous question	music
detailed	Groovie
Cool	music, drums, headphones

Vraag 5: Which color style you like the most?

Which color style you like the most

Vraag 6: Why do you like this color scheme more?

it is more calm	this ones goes more to the colours of fontys. and the other one looks like they took it from instagram. i dont like that color combination.
More cheerful	I think colors are more suitable, give a feeling of creativity and warmth
Calmer, less childish	Disco vibe
nice colours but not the way they are used	Vibrant and playful
It's warmer	Warmer feeling and inviting
Is warmer	Shows a lot of personality
more active	because the other one looks like instagram's colors
it gives a more warm feeling	Giving me calm and cool vibes
It's warmer and more creative.	better contrast
